EXPLANATORY NOTE.

For purposes of preparing the Provisional Inter-State Seniority List of the Commercial Tax Department as the services and the classes and categories of posts held by the allocated Government servants on 31st October 1956 are equated with the services, and the classes and categories of posts sanctioned for the Commercial Tax Department in the new State of Mysore.

Explanation.—In this note “allocated Government Servant” means a person allotted or deemed to be allotted to serve in connection with the affairs of the State of Mysore under the provisions of Section 115 of the States Reorganisation Act, 1956.

(2) In determining the equivalence of posts held by the allotted Government servants on 31st October 1956 under the different classes and categories of posts, the following factors have been taken into consideration:—

- (a) the nature and duties of the post;
- (b) the responsibilities and powers exercised by the officer holding the post; the extent of territorial jurisdiction or other charge held by the incumbent or the responsibilities devolved on the holder of the post;
- (c) the minimum qualifications, if any, prescribed for recruitment to the post;
- (d) the salary of the post:

Provided that the salary of a post has not been taken into consideration, except where the other factors are equal and it is not possible to determine the equation on the basis of those factors.

(3) The posts held by the allocated Government servants as on 31st October 1956 have accordingly been equated as shown in Annexure II.

(4) The Inter-State Seniority between the allocated Government servants has been determined with reference to the length of continuous service, whether in a permanent, temporary, or officiating capacity, in equated posts, excluding periods during which an equated post was held in a purely stop-gap or fortuitous arrangement;

Provided that—

(a) where the length of continuous service is the same, in respect of two or more Government servants, the person older in age is deemed to be senior to the person younger in age.

(b) where two or more categories of posts of the same State have been declared to be equivalent to any category or class of post in the new State of Mysore, the total continuous service in all the categories of posts in the former State is deemed to be the length of continuous service;

(c) the inter-se seniority of allocated Government servants from the same State is not varied unless to give effect to proviso (b) or unless on equitable grounds such variation is deemed necessary;

(d) if in respect of any allocated Government servant from the State of Madras, a "deemed date" of promotion had been determined before the 1st day of November 1956, and the determination of the length of continuous service with effect from the "deemed date" is more favourable to such Government servant, the length of his continuous service is deemed to be from such "deemed date".

(5) For the purpose of paragraph 4, the length of continuous service has been taken to include the following categories of service:—

(a) 'Service as Probationer' in an equated post as service in an officiating capacity if such service as Probationer would count for determination of seniority in the parent State;

(b) 'War Service' of an allocated Government Servant, if such war service would count for determination of seniority in the parent State;

(c) in respect of upgraded posts, service in the post prior to the upgrading, if the upgrading enhanced the status of the post without any alteration in the duties and responsibilities or pay scale (other than during a general revision of pay scales) and the same person held the post both before and after the upgrading;

(d) in the case of an allocated Government servant, who had been transferred from one department to another department, his service before such transfer in any class or category of posts which carried the same scale of pay as the class or category of posts held by him on 31st October 1956, unless the rank of such Government Servant in the class or category of post in which he was serving on 31st October 1956, had been finally fixed by the appropriate authority in the inter-se seniority list before 1st November 1956.

6 (a) In the cases specified in the following categories (i), (ii) and (iii) where the inter-se seniority is not in accordance with the length of continuous service in a post, the Inter-State Seniority has been determined in the manner specified in sub-paragraph (b) of this paragraph.

(i) Where there has been recruitment to any class or category of posts both by promotion of Government servants in a service (that is, recruitment by promotion) and also by appointment of persons not in such service (that is, by direct recruitment) and in accordance with the rules in force relating to determination of inter-se seniority, the rank of a person appointed by direct recruitment is fixed above the rank of a person recruited by promotion, although the person recruited by promotion, has rendered service in an officiating capacity in that class or category of posts for a longer period than the person appointed by direct recruitment;

(ii) Where in respect of recruitment to any class or category of posts by promotion of Government servants in a service, a person holding a lower rank in the seniority list of the class or category of posts from which the promotion is made, was promoted in preference to the person holding a higher rank on the ground that such person was not fit for promotion to the higher class or category, and subsequently either under the orders of any Appellate authority or otherwise the person holding the higher rank is promoted to the higher class or category of posts, and his rank in the seniority list of that higher class or category has been fixed above the rank of the person promoted earlier;

(iii) Where in respect of any Government servant, in pursuance of any penalty imposed the rank in the inter-se seniority list of any class or category of posts, has been fixed below that of any other Government Servant, whose length of continuous service in that class or category is less than that of the Government Servant on whom the penalty is imposed.

(b) After preparing a draft Inter-State Seniority List omitting the names of persons falling under the above three categories, their names are inserted at appropriate places as shown below:—

(i) the rank of the Government Servant appointed by direct recruitment referred to in category (i) of sub-paragraph (a) is fixed in the Inter-State Seniority List, immediately above the rank of the person recruited by promotion, whose rank in the inter-se seniority list was immediately below the rank of such Government servant;

(ii) the rank of the Government Servant recruited by promotion and holding a higher rank referred to in category (ii) of sub-paragraph (a) is fixed in the Inter-State Seniority List immediately above the rank of the person whose rank in the inter-se seniority list was immediately below the rank of such Government Servant;

(iii) the rank of Government servant referred to in category (iii) of sub-paragraph (a) is fixed in the Inter-State Seniority List immediately below the rank of the person whose rank in the inter-se seniority list was immediately above that of such Government Servant;

N. S. BHARATH Dy Secy. to Govt. F. D.

Copy of letter No. 12/19/64-I. T., dated 12th March 1964 from the Deputy Secretary to the Government of India, Ministry of Finance (Department of Revenue), New Delhi, addressed to all State Governments.

Subject:—Income-Tax—Deduction from salaries during 1964-65.

I am directed to invite a reference to this Ministry's letter No. 29/2/63-IT. (AI), dated 3rd August 1963 on the subject of deduction of income-tax from salaries paid during the year 1963-64. The Finance Bill introduced in the Parliament on 29th February 1964 provides, *inter alia*, the rates at which income-tax and super-tax is proposed to be levied for the assessment year 1964-65. These rates will be applicable to deduction of tax from salaries paid or payable on or after 1st April 1964. The rates of Income-tax, super-tax and surcharge prescribed in the Finance Bill, 1964 are as per Schedule I. It is requested that pending the passing of the Finance Bill, 1964, deduction of tax at source from salaries may be made during the year 1964-65, according to the rates in the said Schedule.

2 The principal changes made in the Finance Bill, 1964, so far as they relate to income from salaries, are as under:—

(i) The structure of income slabs and the basic rates of Income-tax and super-tax have been revised.

(ii) The various surcharges on Income-tax including the additional surcharge and also the surcharges on super-tax leviable for the assessment year 1963-64 have been abolished. A single surcharge on Income-tax and on super-tax, for purposes of the Union, has been introduced now. In respect of salary income this surcharge will be leviable only where such income exceeds Rs. 1 lakh. It will be calculated at 10 per cent of the Income-tax and super-tax chargeable on the amount of salary income in excess of Rs. 1 lakh. Where the salary income is less than Rs. 1 lakh, no surcharge will be leviable in respect thereof.

(iii) No compulsory deposit will be required to be made during the financial year 1964-65.

(iv) The Finance Bill, 1964 contains a provision under which *individuals who are citizens of India* and whose income exceeds Rs. 15,000, are required, compulsorily, to make an annuity deposit at the rates prescribed in the Second Schedule thereto. Annuity deposits will have to be made in advance during the financial year 1964-65 in respect of the income assessable for the assessment year 1965-66, and such advance deposits will be calculated at the rates prescribed in the Second Schedule to the Finance Bill, 1964. The advance deposits will be made by the employees themselves, and will not be deductible at source from the salary income paid to them. As the amount of annuity deposit made by an assessee is to be allowed as a deduction in computing his total income, the procedure to be followed in calculating the amount of income-tax and super-tax to be deducted at source from salary income will be as follows: The disbursing officer will calculate the amount of the advance annuity deposit on the salary income of the employee during the financial year at the rates prescribed in the Second Schedule to the Finance Act, 1964. The amount of the deposit so

calculated will be deducted from the salary income of the employee and income-tax and super-tax will be calculated on the salary income so reduced at the rates specified in paragraph A of Part I of the First Schedule to the Finance Bill, 1964. The tax so determined will be deducted at source at the time of payment of the salary income to the employee. This procedure has to be followed irrespective of whether the employee has actually made the annuity deposit or not. The procedure for the making of annuity deposits will be set out in a scheme which will be framed by the Central Government in this behalf and information in the matter will be communicated in due course.

It has to be noted that as individuals who are *not* citizens of India are not liable to make annuity deposits, income-tax and super-tax deductible from their salary income will be calculated on their entire salary income without deducting any annuity deposit therefrom.

3 In deducting the tax from salaries, the following points have to be kept in view:—

(i) No income-tax shall be payable on a total income which does not exceed Rs. 3,000.

(ii) The income-tax payable shall in no case exceed half the amount by which the total income exceeds Rs. 3,000.

(iii) The income-tax payable by an individual who is married and whose total income exceeds Rs. 20,000, shall not exceed the aggregate of:

(a) The income-tax which would have been payable if the total income had been Rs. 20,000,

(b) Half the amount by which the total income exceeds Rs. 20,000.

(iv) Besides the rebate of income-tax, a rebate of super-tax will also be admissible on payment of life insurance premiums, provident fund contributions and deposits made in a 10 year account or 15 year account under the Post Office Savings Bank (Cumulative Time Deposit) Rules, 1959. The amount qualifying for these rebates will be subject to a maximum of one-fourth of the total income of the assessee or Rs. 10,000, whichever is less.

Further, the total amount of the rebate of income-tax and super-tax will be subject to a ceiling limit of 50 per cent of the aggregate amount qualifying for these rebates.

It may be mentioned that the provision for rebate of super-tax in respect of the above mentioned payments has been newly introduced in the Income-tax Act by the Finance Bill, 1964.

(v) No rebate of tax should be allowed by the persons responsible for paying the salary in respect of any donations for charitable purposes which qualify for tax rebate under Section 88 of the Income-tax Act, 1961. However, the rebate in respect of contributions made to the National Defence Fund may be allowed at source where deductions are made from the Pay Bills. While allowing the rebate at source, care should be taken to see that contributions for the year should not be less than the minimum limit of Rs. 250 and that the amount of such total rebate does not exceed half the aggregate of the donations in respect of which the rebate is allowed. Disbursing Officers should show the total contributions in the remarks column of the return under Section 206 of the Income Tax Act, 1961.

(vi) The deduction admissible for the maintenance of a conveyance will be allowed by the Income-tax Officer at the time of assessment. Relief in this regard should not be adjusted at the time of deduction of tax at source.

(vii) The reliefs admissible to married persons and to persons who have one or more children dependent on them should be allowed for the full year if these conditions are fulfilled on the last day of that year.

(viii) A divorcee should be treated as a married person if he/she has a child dependent on him/her. Otherwise, he/she should be treated as unmarried.

(ix) A widow/widower is to be treated as a married person.

4 If any changes are made when the Finance Bill, 1964 is passed into a law, the same will be communicated to you in due course. Sd/....., *Supdt., F.D.*

EXPLANATORY NOTE.

For purposes of preparing the Provisional Inter-State Seniority List of II Division Clerks of the Department of Agriculture the services and the classes and categories of posts held by the allocated Government servants on 31st October 1956 are equated with the services, and the classes and categories of posts sanctioned for the Department of Agriculture in the new State of Mysore.

Explanation.—In this note “allocated Government Servant” means a person allotted or deemed to be allotted to serve in connection with the affairs of the State of Mysore under the provisions of Section 115 of the States Reorganisation Act, 1956.

(2) In determining the equivalence of posts held by the allotted Government servants on 31st October 1956 under the different classes and categories of posts, the following factors have been taken into consideration:—

- (a) the nature and duties of the post;
- (b) the responsibilities and powers exercised by the officer holding the post; the extent of territorial jurisdiction or other charge held by the incumbent or the responsibilities devolved on the holder of the post;
- (c) the minimum qualifications, if any, prescribed for recruitment to the post;
- (d) the salary of the post;

Provided that the salary of a post has not been taken into consideration, except where the other factors are equal and it is not possible to determine the equation on the basis of those factors.

(3) The posts held by the allocated Government servants as on 31st October 1956 have accordingly been equated as shown in Annexure II.

4) The Inter-State Seniority between the allocated Government servants has been determined with reference to the length of continuous service, whether in a permanent, temporary, or officiating capacity, in equated posts, excluding periods during which an equated post was held in a purely stop-gap or fortuitous arrangement;

Provided that—

- (a) where the length of continuous service is the same, in respect of two or more Government servants, the person older in age is deemed to be senior to the person younger in age.
- (b) where two or more categories of posts of the same State have been declared to be equivalent to any category or class of post in the new State of Mysore, the total continuous service in all the categories of posts in the former State is deemed to be the length of continuous service;
- (c) the inter-se seniority of allocated Government servants from the same State is not varied unless to give effect to proviso (b) or unless on equitable grounds such variation is deemed necessary;
- (d) if in respect of any allocated Government servant from the State of Madras, a “deemed date” of promotion had been determined before the 1st day of November 1956, and the determination of the length of continuous service with effect from the “deemed date” is more favourable to such Government servant, the length of his continuous service is deemed to be from such “deemed date”.

(5) For the purpose of paragraph 4, the length of continuous service has been taken to include the following categories of service:—

- (a) ‘Service as Probationer’ in an equated post as service in an officiating capacity if such service as Probationer would count for determination of seniority in the parent State;
- (b) ‘War Service’ of an allocated Government Servant, if such war service would count for determination of seniority in the parent State;
- (c) in respect of upgraded posts, service in the post prior to the upgrading, if the upgrading enhanced the status of the post without any alteration in the duties and responsibilities or pay scale (other than during a general revision of pay scales) and the same person held the post both before and after the upgrading;

(d) in the case of an allocated Government servant, who had been transferred from one department to another department, his service before such transfer in any class or category of posts which carried the same scale of pay as the class or category of posts held by him on 31st October 1956, unless the rank of such Government Servant in the class or category of post in which he was serving on 31st October 1956, had been finally fixed by the appropriate authority in the inter-se seniority list before 1st November 1956.

6 (a) In the cases specified in the following categories (i), (ii) and (iii) where the inter-se seniority is not in accordance with the length of continuous service in a post, the Inter-State Seniority has been determined in the manner specified in sub-paragraph (b) of this paragraph.

(i) Where there has been recruitment to any class or category of posts both by promotion of Government servants in a service (that is, recruitment by promotion) and also by appointment of persons not in such service (that is, by direct recruitment) and in accordance with the rules in force relating to determination of inter-se seniority, the rank of a person appointed by direct recruitment is fixed above the rank of a person recruited by promotion, although the person recruited by promotion, has rendered service in an officiating capacity in that class or category of posts for a longer period than the person appointed by direct recruitment;

(ii) Where in respect of recruitment to any class or category of posts by promotion of Government servants in a service, a person holding a lower rank in the seniority list of the class or category of posts from which the promotion is made, was promoted in preference to the person holding a higher rank on the ground that such person was not fit for promotion to the higher class or category, and subsequently either under the orders of any Appellate authority or otherwise the person holding the higher rank is promoted to the higher class or category of posts, and his rank in the seniority list of that higher class or category has been fixed above the rank of the person promoted earlier;

(iii) Where in respect of any Government servant, in pursuance of any penalty imposed the rank in the inter-se seniority list of any class or category of posts, has been fixed below that of any other Government Servant, whose length of continuous service in that class or category is less than that of the Government Servant on whom the penalty is imposed.

(b) After preparing a draft Inter-State Seniority List omitting the names of persons falling under the above three categories, their names are inserted at appropriate places as shown below:—

(i) the rank of the Government Servant appointed by direct recruitment referred to in category (i) of sub-paragraph (a) is fixed in the Inter-State Seniority List, immediately above the rank of the person recruited by promotion, whose rank in the inter-se seniority list was immediately below the rank of such Government servant;

(ii) the rank of the Government Servant recruited by promotion and holding a higher rank referred to in category (ii) of sub-paragraph (a) is fixed in the Inter-State Seniority list immediately above the rank of the person whose rank in the inter-se seniority list was immediately below the rank of such Government Servant;

(iii) the rank of Government servant referred to in category (iii) of sub-paragraph (a) is fixed in the Inter-State Seniority List immediately below the rank of the person whose rank in the inter-se seniority list was immediately above that of such Government Servant;

(iv) in respect of cases which do not fall under any of the three categories referred to in sub-paragraph (a) the rank has been determined on the merits of each case.

7. The Seniority of Government Servants allocated to serve in connection with the affairs of the State of Mysore under the Andhra State Act, 1953, has been fixed in the same manner as in the case of Government Servants allocated from the State of Madras, maintaining the inter-se seniority as in force on 30th September 1953 in the Madras State, except in cases where the seniority of any such Government servant is already concluded by an order of Government and in consequence thereof, promotions have been made and there is no pending appeal.

In the interse seniority list of Junior Clerks as on 31st October 1956 sent by the Director of Agriculture Poona, the rank of Sri A. N. Joshi has been fixed above Sri N. L. Huilgol whose date of entry into the cadre is 21st August 1944. The same principle has been kept in view while fixing the seniority rank of Sri Joshi in the revised interstate seniority list.

EXPLANATORY NOTE.

For purposes of preparing the Provisional Inter-State Seniority List of Second Division Accounts Clerks of the Public Works Department as the services and the classes and categories of posts held by the allocated Government servants on 31st October 1956 are equated with the services, and the classes and categories of posts sanctioned for the Department of Public Works Division (Account) in the new State of Mysore.

Explanation.—In this note “allocated Government Servant” means a person allotted or deemed to be allotted to serve in connection with the affairs of the State of Mysore under the provisions of Section 115 of the States Reorganisation Act, 1956.

(2) In determining the equivalence of posts held by the allotted Government servants on 31st October 1956 under the different classes and categories of posts, the following factors have been taken into consideration:—

- (a) the nature and duties of the post;
- (b) the responsibilities and powers exercised by the officer holding the post; the extent of territorial jurisdiction or other charge held by the incumbent or the responsibilities devolved on the holder of the post;
- (c) the minimum qualifications, if any, prescribed for recruitment to the post;
- (d) the salary of the post;

Provided that the salary of a post has not been taken into consideration, except where the other factors are equal and it is not possible to determine the equation on the basis of those factors.

(3) The posts held by the allocated Government servants as on 31st October 1956 have accordingly been equated as shown in Annexure II.

(4) The Inter-State Seniority between the allocated Government servants has been determined with reference to the length of continuous service, whether in a permanent, temporary, or officiating capacity, in equated posts, excluding periods during which an equated post was held in a purely stop-gap or fortuitous arrangement;

Provided that—

(a) where the length of continuous service is the same, in respect of two or more Government servants, the person older in age is deemed to be senior to the person younger in age.

(b) where two or more categories of posts of the same State have been declared to be equivalent to any category or class of post in the new State of Mysore, the total continuous service in all the categories of posts in the former State is deemed to be the length of continuous service;

(c) the inter-se seniority of allocated Government servants from the same State is not varied unless to give effect to proviso (b) or unless on equitable grounds such variation is deemed necessary;

(d) if in respect of any allocated Government servant from the State of Madras, a "deemed date" of promotion had been determined before the 1st day of November 1956, and the determination of the length of continuous service with effect from the "deemed date" is more favourable to such Government servant, the length of his continuous service is deemed to be from such "deemed date".

(5) For the purpose of paragraph 4, the length of continuous service has been taken to include the following categories of service :—

(a) 'Service as Probationer' in an equated post as service in an officiating capacity if such service as Probationer would count for determination of seniority in the parent State;

(b) 'War Service' of an allocated Government Servant, if such war service would count for determination of seniority in the parent State;

(c) in respect of upgraded posts, service in the post prior to the upgrading, if the upgrading enhanced the status of the post without any alteration in the duties and responsibilities or pay scale (other than during a general revision of pay scales) and the same person held the post both before and after the upgrading;

(d) in the case of an allocated Government servant, who had been transferred from one department to another department, his service before such transfer in any class or category of posts which carried the same scale of pay as the class or category of posts held by him on 31st October 1956, unless the rank of such Government Servant in the class or category of post in which he was serving on 31st October 1956, had been finally fixed by the appropriate authority in the inter-se seniority list before 1st November 1956.

6 (a) In the cases specified in the following categories (i), (ii) and (iii) where the inter-se seniority is not in accordance with the length of continuous service in a post, the Inter-State Seniority has been determined in the manner specified in sub-paragraph (b) of this paragraph.

(i) Where there has been recruitment to any class or category of posts both by promotion of Government servants in a service (that is, recruitment by promotion) and also by appointment of persons not in such service (that is, by direct recruitment) and in accordance with the rules in force relating to determination of inter-se seniority, the rank of a person appointed by direct recruitment is fixed above the rank of a person recruited by promotion, although the person recruited by promotion, has rendered service in an officiating capacity in that class or category of posts for a longer period than the person appointed by direct recruitment;

(ii) Where in respect of recruitment to any class or category of posts by promotion of Government servants in a service, a person holding a lower rank in the seniority list of the class or category of posts from which the promotion is made, was promoted in preference to the person holding a higher rank on the ground that such person was not fit for promotion to the higher class or category, and subsequently either under the orders of any Appellate authority or otherwise the person holding the higher rank is promoted to the higher class or category of posts, and his rank in the seniority list of that higher class or category has been fixed above the rank of the person promoted earlier;

(iii) Where in respect of any Government servant, in pursuance of any penalty imposed the rank in the inter-se seniority list of any class or category of posts, has been fixed below that of any other Government Servant, whose length of continuous service in that class or category is less than that of the Government Servant on whom the penalty is imposed.

(b) After preparing a draft Inter-State Seniority List omitting the names of persons falling under the above three categories, their names are inserted at appropriate places as shown below :—

(i) the rank of the Government Servant appointed by direct recruitment referred to in category (i) of sub-paragraph (a) is fixed in the Inter-State Seniority List, immediately above the rank of the person recruited by promotion, whose rank in the inter-se seniority list was immediately below the rank of such Government servant;

(ii) the rank of the Government Servant recruited by promotion and holding a higher rank referred to in category (ii) of sub-paragraph (a) is fixed in the Inter-State Seniority list immediately above the rank of the person whose rank in the inter-se seniority list was immediately below the rank of such Government Servant;

(iii) the rank of Government servant referred to in category (iii) of sub-paragraph (a) is fixed in the Inter-State Seniority List immediately below the rank of the person whose rank in the inter-se seniority list was immediately above that of such Government Servant;

(iv) in respect of cases which do not fall under any of the three categories referred to in sub-paragraph (a) the rank has been determined on the merits of each case.

7. The Seniority of Government Servants allocated to serve in connection with the affairs of the State of Mysore under the Andhra State Act, 1953, has been fixed in the same manner as in the case of Government Servants allocated from the State of Madras, maintaining the inter-se seniority as in force on 30th September 1953 in the Madras State, except in cases where the seniority of any such Government servant is already concluded by an order of Government and in consequence thereof, promotions have been made and there is no pending appeal.

 - (iii) any further expenditure likely to devolve upon those States for the servicing of their debt;
 - (iv) creation of a fund of the excesses, if any, over a limit to be specified by the Commission, of the net proceeds of estate duty on property other than agricultural land accruing to a State in any financial year, for the repayment of the State's debt to the Central Government; and
 - (v) the scope for economy consistent with efficiency which may be effected by the States in their administrative expenditure;
- (b) the changes, if any, to be made in the principles governing the distribution among the States under article 269 of the net proceeds in any financial year of estate duty in respect of property other than agricultural land;

 - (iii) rayon or artificial silk fabrics,
 - (iv) woollen fabrics,
 - (v) sugar, and
 - (vi) tobacco (including manufactured tobacco)

Provided that the share accruing to each State shall not be less than the revenue realised from the levy of the sales tax for the financial year 1955-57 in that State:

- (e) the effect of the combined incidence of a State's sales tax and Union duties of excise on the production consumption or export of commodities or products, the duties on which are shareable with the States, and the adjustment, if any, to be made in the State's share of Union Excise duties, if there is any increase in the State's sales tax on such commodities or products over a limit to be specified by the Commission.

The recommendations of the Commission shall, in each of the above cases, cover the period of five years commencing from the 1st day of April 1966.

The present scheme of devolution of revenue from the Centre to the States, which has been evolved after taking into account the recommendations of the Third Finance Commission and is applicable to the four year period ending 1965-66, is as follows:—

- (a) 66 $\frac{2}{3}$ % of the divisible net proceeds of income-tax (other than Corporation Tax) are assigned to the States and distributed amongst them on the basis of population (80 per cent) and collection (20 per cent);
- (b) 20 per cent of the net proceeds of the Union duties of excise on all commodities other than motor spirit, on which duty was collected in 1960-61 excluding those (but not excluding silk fabrics) on which the yield was below Rs. 50 lakhs a year (total commodities 35) are distributed amongst the States on the basis of population (as major factor),

relative financial weaknesses of States, disparity in levels of development, percentage of Scheduled Castes and Tribes and backward classes in their population,

- (c) the grant-in-aid in lieu of tax on Railway fares is distributed on the basis of compensation i. e., what States were getting before the tax was abolished.
- (d) the net proceeds of the Estate Duty are distributed between the States in proportion to their population, except that the amounts collected in respect of immovable properties are distributed on the basis of location of these properties,
- (e) in respect of the net proceeds of additional duties of excise on textiles, sugar and tobacco levied in lieu of sales-tax the guaranteed amounts are first paid to the States i.e., the revenue realised from the levy of the sales-tax for the financial year 1956-57 in that State and the balance on the basis of percentage increase in the collections of sales-tax since 1957-58 and partly on the basis of population.
- (f) grants-in-aid of revenue of specified amounts are made to the States on an assessment of their needs based on a review of their budgetary position and the size of their committed expenditure out of revenues. Specific grants are also made to certain States for the improvement of their communications.

The Fourth Finance Commission will review these arrangements. It will consider the modifications and adjustments, if any, called for in the present devolution scheme including the arrangements regarding grants-in-aid under Article 275 (1) of the Constitution.

The Commission would welcome written representations setting out the views of those interested in these questions. They should be sent in the form of self-contained memoranda, addressed to the Member-Secretary, Finance Commission, Church Road Hutments, New Delhi, on or before July 31, 1964.
